Typhoon Soudelor Situation Report

Hi Dan,

Can you put me on the distribution list to receive these emails about the CNMI typhoon response? Right now I'm putting together a Communicator Message for all R9 staff about the status of the typhoon response and the Gold King Mine spill, and I want to have the latest update.

Thanks!

Dave Schmidt

Forwarding all the emails I was provide via Brent Maier, you may want to talk to Dan Meer or someone in Superfund to get on their email list.
